Profile

Dr. Ioannis M. Theologitis (born in 1956) is an accomplished **senior management consultant**. In his over 28 years of professional experience, Dr Theologitis has focused on international **financial and strategic consultancy** as well as **land and housing development projects**. As a result of a long-standing professional career working at senior level, Dr. Theologitis offers an excellent know-how extending over a wide **global network** of exclusive financial institutions and investors.

Dr. Theologitis possesses outstanding market competences; as a reliable **project manager** and **team leader** for **land and housing projects** in Greece, in the overall tourism context, focusing in particular on the restoration of stone mansions and historic settlements. His leadership style is marked by highest **integrity** and far-reaching expertise in leading **international projects and teams**. In addition, Dr. Theologitis is particularly dedicated and socially committed to the history and the preservation of the **cultural heritage of Greece**.

Financial and Strategic Consultancy

Since 1987 Dr. Theologitis has been working as an **independent consultant** advising substantial business families, institutions and organizations in the international **financial sector**, through his core competences and solid experience in **strategic financial issues**.

Most recently, Dr. Theologitis initiated a unique long term association involving investors, banks and financial services providers, in a transatlantic cooperation (GR-CH-USA), where he maintains a leading role. Dr Theologitis possesses strong expertise and in-depth knowledge of international economies and markets, acquired through his involvement with numerous **research and consulting projects**, focusing on the impact of global socio-economic, political, cultural, and demographic change on international business development.

In his earlier career stages, Dr. Theologitis held different local and international positions at multinational companies. He has gained experience in a wide range of disciplines in technical and commercial management positions in diverse industries, from urban development to automotive and financial services.

Project Management: Land/ Housing and Tourism Development

As an independent **technical and economic consultant**, Dr. Theologitis has been acting for a number of years as a business development advisor for tourism, land and housing projects in Greece. The organizational planning and the attainment of **EU related funding** for the restoration of substantial parts of the 11th century old “**Holy Monastery of the Assumption**” on Mount Kechrovouni, Tinos Islands/Cyclades, is one of the recently accomplished projects. As a consultant and project manager, Dr. Theologitis has been responsible for the development of a unique business concept for Greece, relating to the restoration of **desolated historic settlements** and their integration into exclusive tourism resorts, especially on Tinos Island/Cyclades and in other unique locations in Greece.

Dr. Theologitis’s **domestic/regional market expertise** extends in the establishment and leading of expert teams in land development and other technical implementations.

Personal

Dr. Theologitis supports his personal goals by actively participating in numerous local and international cultural and socio-political organizations He is a determined **promoter and initiator** of activities aimed at protecting and preserving the **history, culture and the Orthodox tradition of Greece**.

Dr. Theologitis holds a Ph.D. in Transportation Planning - Civil Engineering from the University of London (1982) and is the editor and author of several articles, publications and books e.g. “Insights from a Changing World” and the organizer and introductory chapter author of the Greek version of “The Essays of Warren Buffett Lessons for Corporate America” by Lawrence A. Cunningham. In addition to his native language Greek, Dr. Theologitis speaks English and German fluently. He lives (married and with 2 children) in Filothei, Attica and on Tinos Island, Greece.
